The Classic Backstory

Through historical references, stories and anecdotes shared by our key collaborators, we would like to take you on a wistful trip down memory lane to live the legacy of the Timeless Classic - from its inception, captured in a monochromatic photograph of the G2 Model, to the journey it took to becoming the most loved motorcycle across the globe.

Timeless Classic

The All-New Classic 350 continues to embody the traditions and craftsmanship of the past as it is reborn. Inspired by the post war G2 model, first born in 1950's, the all new Classic 350 continues to be a testament to the timeless design which took the motorcycling world with an awe back in the heydays of British motorcycling. The Classic teardrop fuel tank, the distinctive thump and the hallmark casquette headlamp - all harmonise as one, rejoicing in the masterpiece that is the timeless Royal Enfield Classic.

Stellar Black

Supernova Blue

Fireball Yellow

Fireball Red

The Story

The Meteor represents the eternal essence of riding, the spirit of the cruise; with classic contours & timeless design cues, it is an easy thoroughbred cruiser, ready for the open highway and for meeting the challenges of urban commute with equal ease.

Cruising Through Time

Growing up in the 1980s meant that the lasting image of a motorcycle for me was a cruiser of some sort. It's not that I was a 'cruiser guy', it's just that when you see lots of something, that becomes the main frame of reference, and desire in this case! Evolving from a diet of bicycles into my late teens, I was quite mesmerised by the idea of a quintessential American style cruiser - and the first one that I actually saw in the flesh and instantly fell in love with was the Royal Enfield Citybike.

The Story

Inspired by the iconic 60's Interceptor with its greatest following in the American west coast, fitting perfectly into the easy-going, fun narrative of the time, the new Interceptor 650 Twin reimagines the sun-drenched California beach lifestyle. This modern classic is the essence of a British roadster with a dash of a California Desert Racer blending timeless style and contemporary performance.

Make it Yours

Personalise your Interceptor your way from Day 1 with Make it Yours (MIV) feature on the Royal Enfield App or visit the configurator page on your website by clicking on the MIV button below

The Story

Decades of expeditions. Thousands of kilometers of traversing the most challenging terrain. Years of living and evolving with a machine that responds to the mountains. That's how we made the Himalayan, our first dual-purpose motorcycle.

ADVENTURE-READY HANDLING

The half-duplex elite cradle frame and long travel suspension keep you in harmony with road, rocks and everything in between
